Childminders – Unit CYPOP 5 (Level 3 – 4 Credits)

Understand how to set up a home based child care setting

To prepare learners to work as home based child carers/childminders. As well as learning relevant aspects of childcare, this knowledge based unit supports the development of policies and procedures relevant to registration and the basic business skills to set up a home based child care service.

Learning outcomes; the learner will;

- understand how to set up a home based childcare service
- understand how to establish a safe and healthy home based environment for children
- understand the importance of partnerships with parents for all aspects of the home based childcare service
- understand the principles of development of routines for home based child care
- understand how to provide play and other activities for children in home based settings that will support equality and inclusion
- understand how home based childcares can support the safeguarding of children in their care
- understand the principles of supporting positive behaviour in home based childcare settings

Course £210 per person
